	<b>INSTANT</b>	<b>LATER</b>
material	<p>Bazaar activity was tons of fun. Almost everyone participate and enjoyed the free food. A good example of a market for those who have never visited a local farmers market (closest American market locally to the Middle East Bazaar).</p>	<p>Exhausting to do large scale projects; fun, but exhausting.</p>
rapport with students	<p>It was hard teaching _____ (student) knowing I have to see his upset father this afternoon.</p>	<p>Parent conferences, especially face to face, can be un-nerving at first, but with the help of my CT I'm sure I'll feel even more comfortable on my own in the future.</p>
